Planning for Sustainable Accessibility and Smart Mobility

change perspective

Radboud Universiteit

Planning for Sustainable Accessibility and Smart Mobility

The course will provide conceptual understanding of the fundamental themes of accessibility and mobility and will highlight the challenges and strategies of smart and sustainable mobility management. Taken together, the course provides a novel approach to transportation planning enabling reflective insights towards sustainable innovation.

This course will highlight the following interrelated themes:

- Planning for accessibility
- Smart integrated mobility management
- Sustainable transportation
- The future of transport: past, current, and future transport innovations; success and failure factors for implementing transport novelties; methodological approaches to study these innovations

After this course you are able to:

- Understand and evaluate strategies for co-creating knowledge in the context of smart innovations
- Gain perspective of the challenges of the past, present and future of transport innovations
- Critically reflect on the governance of smart sustainable and accessible transportation planning
- Comprehend the fundamentals of the concepts of accessibility and mobility planning and policy

For whom is this course designed

The course is designed for academics, researchers, professionals, advocates and decision makers in the fields of spatial planning, urban geography and economics with particular interest in mobility and (land) transport management planning and policies

Number of EC

2 ECTS

Entry level

Master, PhD, Post-doc and Professionals

Want to be part of the RSS experience?

More than just a course!

Radboud Summer School is more than an academic event. It is a unique opportunity to meet other international students and researchers and to get to know Radboud University and the city of Nijmegen. Our participants come from all over the world and have different cultural and academic backgrounds. Our programme includes the following activities free of charge: welcome reception, sports activity, guest lecture and farewell drink. We offer also a BBQ, River Cruise, City Tour, Pub quiz and excursion for a small fee

Have a look at what participants had to say about their experience!

And do not forget to register now!
