. 1 st Semester	March 10
. 2 nd Semester	August 11

Deadlines	
. Nomination	1 st Semester: November 15 2 nd Semester: April 15
. Application	1 st Semester: November 30 2 nd Semester: May 1

Application Procedures	
. Online Nomination	Partner universities will receive a link for the Online Nomination in mid-March and mid-September. Nomination should include students' full name, email address, gender, level and area of studies.
. Online Application	After the nomination, nominated students will receive by email a link for the Online Application, where they must fill out a form and upload a number of documents (photo, passport, transcript of grades, CV, diploma), according to their level of studies.

Academic Information: Bachelor level	
. Full time programs	Business Administration, Economics, Accounting and Actuarial Sciences
. Bachelor level – Workload	We recommend students to complete 12 USP credits per Semester. Therefore, we consider 1 USP credit equivalent to 2.5 ECTS. Most FEAUSP courses are 2 or 4 credits: one or two classes of around 2 hours per week, in a semester of 15 weeks. Few courses are 6 or 8 credits
. Bachelor level – Course Registration	There are a limited number of spots available in each course, and registration is done on a first come, first served basis. Therefore, we are not able to guarantee that all students will be placed according to their first preferences, and we expect some flexibility on their choice of courses. First year and most second year core courses are usually not available for Exchange Students.

. Bachelor level – Grading System	Grading system at USP ranges from 0.0 (zero) to 10.0. To pass a course, a student must fulfill two conditions: minimum score of 5.0 and minimum attendance of 70%. Students with grades between 3.0 and 4.9, and minimum attendance of 70% will be able to apply for a reassessment.
. Bachelor level – Final Assessment	Exchange Students must take their exams in the same conditions as regular students. They are not authorized to organize exams individually with their professors. All students are expected to take their exams during the official periods (normally the last two weeks of each semester)

Academic Information: Post-Graduate Level: Master and Doctoral

. Full time programs	<ul style="list-style-type: none"> . Business Administration (Management, Finance, Human Resources, Marketing, Production & Operations, Quantitative Methods) . Entrepreneurship (Professional Master, only) . Economics (Development Economics, Economic Theory) . Accounting & Controllorship
. Post-Graduate level – Workload	Courses are 8 USP credits (semester long) or 4 USP credits (intensive and two-month long). All courses consider contact hours and research time. We recommend 24 USP credits maximum per semester.
. Post-Graduate level – Course Registration	<p>Master courses at FEAUSP are research-based, demanding a lot of time for reading, writing, and researching. Master and Doctoral students share the same courses. To apply for Master courses, students must have already finished the 1st year of a Master of Science program in their home institution (MSc 1) by the time the exchange starts, or be attending a research-based Master or a Doctoral program. In other words, they must have completed at least 4 years of higher education and earned a Degree. Since FEAUSP Bachelor programs last for 4 years, students who are still in the 1st year of a Master of Science program should take courses from the last year (4th) of FEAUSP Bachelor programs.</p> <p>Professors at the Post-Graduate level are usually very strict to the rules: students should avoid delays and absences. They also expect to meet motivated students who participate actively in class discussions, group works, read the books and papers, and hand in all the reports according to professors' instructions.</p>
. Post-Graduate level – Grading System	Grading system is based on grades: A (excellent), B (good), C (pass) and R (fail). Minimum attendance required to pass a course is 75%
. Post-Graduate level – Final Assessment	Master and Doctoral students are usually required to write an academic article in the end of each course.

Accommodation	We are currently recommending two private Student Residences located near the campus. Information about them is sent directly to nominated students.
